

Social Media Evangelization

Tuesday, July 16, 2013

10 am – 12 pm

Diocese of Orlando

50 East Robinson Street, Orlando

“God’s loving care for all people in Christ must be expressed in the digital world.”

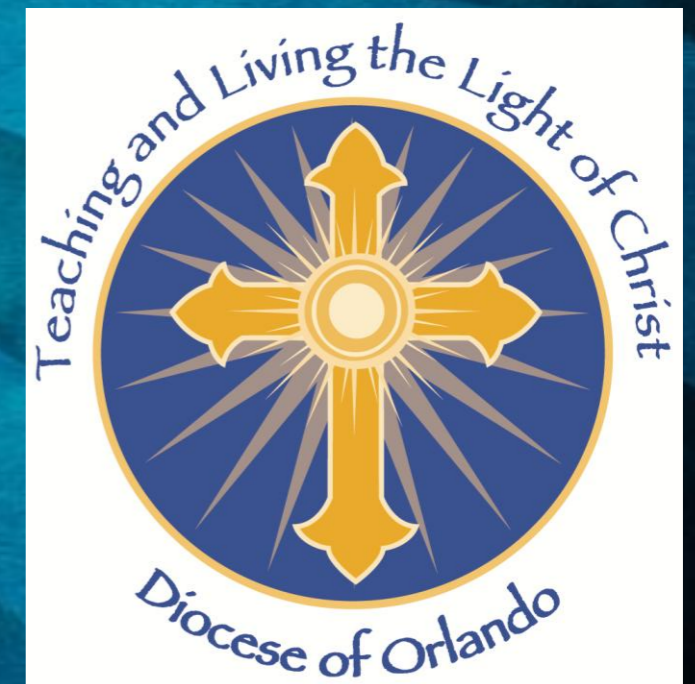

44th World Communications Day Message

Social Media is a powerful tool that if used properly can lead people to a deeper faith and lead them to the table of the Lord.

How can you include social media as part of your ministry and how do you remain compliant with Diocese of Orlando guidelines? This workshop will help you to become social media savvy.

During the workshop, we will create a Facebook page and learn basic ways to create compelling, Catholic content as well as eye catching graphics and images.

Presented by the Diocese of Orlando Office of Communications.
