

Confirmation Photographs

1. The parish must secure a photographer that has been fingerprinted and Safe Environment trained. (See below for suggested photographers, these have agreed to a flat fee)
2. If a fee is charged for the photos, the parish pays the photographer a flat rate not per picture, the expense can be covered by adding \$3.00 to \$5.00 to the Sacramental Prep fee, there should be no fee charged for photos with the Bishop.
3. Since the photos are given to the families for free, no other photos will be allowed to be taken, except from the pews, which will be announced and enforced by the parish.
